# Rex Lake Outpost

Rex Lake Outpost was built in the fall of 1988 and open in the summer of 1989. This lake is 12 miles long and has probably the best smallmouth bass fishing in the area, accompanied by excellent northern pike fishing.

Little Rex Lake is a trip to the south and is a good area to encounter a moose. This trip starts with a short portage of about 15 yards. There is a boat and motor waiting to take you on a 1 1/2 mile ride down the winding river. The portage from the river to Little Rex Lake is a 400 yard walk on a well cut and marked trail. Little Rex Lake has two boats and motos ready to take out fishing for walleye as well as northern pike and smallmouth bass.

Moose Lake is a 150 yard portage on a well cut and marked trail. There is one boat and motor there waiting to take you northern pike fishing.
