Built in 2004, the cabin at Wingiskus is a timber construction chalet with two bedrooms, a spacious living area, and a large deck. This beautiful chalet will easily accommodate 6 people.

Wingiskus Lake is one of those smallmouth bass lakes that make your adventure into the wilds of Canada all that much more rewarding. Wingiskus Lake has 3,600 acres of prime smallmouth bass habitat consisting of clear water, rock shoals, cobblestone

points, and weed beds. This is an action packed lake! Accessible from the north end of Wingiskus Lake through a 150-yard portage is Rickaby Lake - another hotbed for smallmouth bass action.
